

Update on status of membership - Steve LaVergne

LLAA membership stands at 1,322. It was 1,306 prior to the February board meeting. In addition, we now have 84 life members.

Our membership number might be affected in two ways. On Saturday, I will pick up mail which has piled up since last Friday, when I last visited our post office box. There may be more new members. I have been trying to replicate what I did in early February, when I converted, from MBR to FMR, those alumni whose memberships lapsed as of January 31. I hoped to do the same with memberships elapsing at the end of February. I was unable to figure out how I did it. Some technical assistance will be greatly appreciated.
