

Your engraved paver (brick) would be located at the main entry way to the remodeled Lincoln High School. The location is outside the security area and available to view at any time.

Your engraved paver (brick) will be located on the Alumni Walkway – The Path to the Future.

Proceeds from the Paver Project will be used to fund the cost of engraving and offset the cost of other projects under consideration for the reopening of Lincoln High School. For example, a mural or banners in the gym, large school logo in the commons area, special publication about the history of Lincoln High School, or the new Hall of Fame. As an option, you may have excess funds, after engraving cost, directed to the Scholarship Fund.

Thank you for participating in the LLAA Paver Engraving Project.

## Proceeds are to pay for engraving and other LLAA Activities

Your Lincoln Lynx Alumni Association is undertaking the “Pavers” project as a way of honoring LHS alumni, faculty, coaches and advisors who have been part of Lincoln High School.

In addition, all excess funds, beyond engraving costs, LLAA Activities or go to the LLAA Scholarship Fund.
